As a six-year-old in post-WWI Germany, John W. Kluge capitalized on price fluctuations to glean candy money from his family's grocery budget. Four years later in Detroit, he organized a lawn-cutting service and expertly managed and maximized its staff. As a teenager, Kluge pursued a scholarship to Columbia University and then challenged his sponsors to double it. He founded and ran two hundred companies, mostly in media, and when it was time to retire, he instead leveraged a deal and became the wealthiest businessman in the world. Kluge has used his money to collect art, fund scholarships, award prizes (such as the biannual, million-dollar John W. Kluge Prize in the Human Sciences), and establish a world-class research institute, the John W. Kluge Center at the Library of Congress. He continues to scout for

opportunities to build businesses and make a difference in the lives of others. Over the course of one summer, Kluge's son, John W. Kluge Jr., interviewed his father about the people and events that influenced his exceptional talents and worldview. *John Kluge: Stories* recreates their engaging dialogue, in which two generations revisit childhood tales of a bustling Detroit, youthful explorations at Columbia, and the dramatic experience of serving in the United States Army. Kluge describes how he developed his powerful business acumen and reveals his impressions of fame and power. His stories are accompanied by personal photographs, excerpts from newspapers and magazines, and other ephemera. A man of unwavering ethics and bravery, Kluge is one of the twentieth-century's last business titans. This book captures his extraordinary story, a portrait of a man--and a country--on the rise.

carried out by Britain's largest independent social research
organisation, the National Centre for Social Research. It provides an
indispensable guide to political and social issues in contemporary
Britain, summarising and interpreting data from the most recent
nationwide survey, as well as drawing invaluable comparisons with the
findings of previous years to provide a richer picture and deeper
understanding of changing British social values. The 27th Report
focuses on the national mood after three terms of a Labour

government. It includes analysis of the reaction to Labour's policies in health and education and explores people's perceptions of social mobility and inequality. It also examines the extent to which the banking crisis and MP's expenses scandal have shaped public attitudes and values The British Social Attitudes survey report is essential reading for anyone seeking a guide to the topical issues and debates of today or engaged in contemporary social and political research.

"The poems in *Deepening Groove* proceed in elegant triplets that drift effortlessly down the page on waves of sound, serenely self-confident. The subjects are animals, trees, flowers, fish, the weather, and the human condition, all mixed up in a heady stew that simmers quietly one minute, and shimmers brightly the next. This is a book of savvy, delicious surprises." -Wyn Cooper "In *Deepening Groove*, Ravi

Shankar's poems are small wonders of defining, seeing, and sound. He is a poet fascinated with transformations and here are shiftings of dust and sand, loon calls, flutterings of insects, changing tides and splendid cascades- always information-driven, often rapturous with Hopkins-like intensities, imperatives, and trochaic stresses. What I'm most taken by is how the poems both see and feel simultaneously: In "Dark," "Darkness in New England has a flavor close / to anise, a texture plush as peat moss." In "Bats," the bats' flight is "carrying away pieces of us, / a maelstrom too faint to see, turning to ellipsis...." In virtually all these poems, to quote words from "Willard Pond," there is "a sense // that the distance between the alternate / universes humans" [and other creatures on Earth] "inhabit is smaller / than ever imagined and more astonishing." And although the poems give special pleasures on first encounters, they contain-as in "The Oyster"- "secrets that require / a

knife to pry open and vinegar to serve." Deepening Groove shows Ravi Shankar is truly, now, one of America's finest younger poets." -Dick Allen Ravi Shankar is Executive Director of Drunken Boat and Co-Director of the Creative Writing Program at Central Connecticut State University. His first full length book was Instrumentality (Word Press, 2004). Along with Tina Chang and Nathalie Handal, he edited Language for a New Century: Contemporary Poetry from Asia, the Middle East & Beyond (W.W. Norton & Co.). He has appeared in the New York Times and the Chronicle of Higher Education, and on the BBC and NPR. He teaches in Fairfield University's MFA Program and in the first international MFA Program at City University of Hong Kong.
