**Reflections by the author of Dancing at Lughnasa on Irish writers, the theater, nationalism, Catholicism, and his childhood** **Reflections by the author of Dancing at Lughnasa on Irish writers, the theater, nationalism, Catholicism, and his childhood**

**Modernity, Community, and Place in Brian Friel's Drama** shows how the leading Irish playwright explores a series of dynamic physical and intellectual environments, charting the impact of modernity on rural culture and on the imagined communities he strives to create between readers, and script, actors and audience.

This essential guide provides a deeply informed survey of the criticism of all the plays and major stories authored by Brian Friel. Scott Boltwood introduces readers to the key themes that have been used to characterise Friel's entire career, moving chronologically from his early work as a successful short story writer to the present day. This is an essential text for dedicated modules or courses on Modern or Contemporary British and Irish drama offered as part of English literature degrees, or for the literature and culture modules of undergraduate and postgraduate Irish studies degrees. In addition, this book is an ideal companion for A-level students reading Friel's plays, or anyone with an interest in this complex writer's career.

Friel is recognised as Ireland's leading playwright and due to the ability of plays like Translations and Dancing at Lughnasa to translate into other cultures he has made a major impact on world theatre. This study draws on the Friel Archive to deepen our understanding of how his plays were developed.

Brian Friel is Ireland's foremost living playwright, whose work spans fifty years and has won numerous awards, including three Tonys and a Lifetime Achievement Arts Award. Author of twenty-five plays, and whose work is studied at GCSE and A level (UK), and the Leaving Certificate (Ire), besides at undergraduate level, he is regarded as a classic in contemporary drama studies. Christopher Murray's Critical Companion is the definitive guide to Friel's work, offering both a detailed study of individual plays and an exploration of Friel's dual commitment to tradition and modernity across his oeuvre. Beginning with Friel's 1964 work Philadelphia, Here I Come!, Christopher Murray follows a broadly chronological route through the principal plays, including Aristocrats, Faith Healer, Translations, Dancing at Lughnasa, Molly Sweeney and The Home Place. Along the way it considers themes of exile, politics, fathers and sons, belief and ritual, history, memory, gender inequality, and loss, all set against the dialectic of tradition and modernity. It is supplemented by essays from Shaun Richards, David Krause and Csilla Bertha providing varying critical perspectives on the playwright's work.

\* Lucid and accessible style makes the series appealing to the general reader \* Liberally illustrated throughout with stills from the film under discussion. \* Collaboration between Cork University Press and the Film Institute of Ireland. Between the premiere of Brian Friel's stage play "Dancing at Lughnasa" in 1990 and Pat O'Connor's cinematic adaptation in 1998, Ireland experienced seismic economic and social changes, as well as "Riverdance", "Angela's Ashes" and an international vogue for all things Irish. Set in 1936, "Dancing at Lughnasa", as both film and play, imagines an anachronistic past in which the loss of joyous communal ritual is symptomatic of the cultural malaise so often associated with Ireland in the 1930s. Drawing upon unpublished material from the Friel archive at the National Library of Ireland, Joan FitzPatrick Dean contrasts the expressly theatrical elements of Friel's play and their cinematic counterparts

Surveying the life, work and accolades of Irish playwright Brian Friel, this literary companion investigates his personal and professional relationships and his literary topics and themes, such as belonging, violence, patriarchy and hypocrisy. Character summaries describe his most significant figures, particularly St. Columba, the victims of Derry's Bloody Sunday, and Hugh O'Neill, the Lord of Tyrone. Entries analyze Friel's style in detail, from his column in the Irish Times and his short fiction in the New Yorker to his most recent plays, Philadelphia, Here I Come!, Translations, and Dancing at Lughnasa.

Brian Friel is Ireland's leading living playwright, a fact that is easily observable on the billboards of Derry Dublin, London and New York. These locations are also essential in understanding the range and reach of Friel's theatrical concerns and his projected audience. From his first major success on the stage, Philadelphia Here I Come! in 1964 to his most recent play, The Home Place in 2005, Friel has revived and revised the Irish tradition of verbal theatre. This book examines Friel's work within the context of Irish storytelling. It also considers his position as a writer from the north of Ireland negotiating between the responsibilities of art and the demands of violent conflict. Friel's work forms the cornerstone of contemporary Irish drama and this comprehensive study shows why he is recognized as one of the most significant and influential playwrights writing today.

The Oxford Handbook of Modern Irish Theatre provides the single most comprehensive survey of the field to be found in a single volume. Drawing on more than forty contributors from around the world, the book addresses a full range of topics relating to modern Irish theatre from the late nineteenth-century theatre to the most recent works of postdramatic devised theatre. Ireland has long had an importance in the world of theatre out of all proportion to the size of the country, and has been home to four Nobel Laureates (Yeats, Shaw, and Beckett; Seamus Heaney, while primarily a poet, also wrote for the stage). This collection begins with the influence of melodrama, looks at arguably the first modern Irish playwright, Oscar Wilde, before moving into a series of considerations of the Abbey Theatre, and Irish modernism. Arranged chronologically, it explores areas such as women in theatre, Irish-language theatre, and alternative theatres, before reaching the major writers of more recent Irish theatre, including Brian Friel and Tom Murphy, and their successors. There are also individual chapters focusing on Beckett and Shaw, as well as a series of chapters looking at design, acting and theatre architecture. The book concludes with an extended survey of the critical literature on the field. In each chapter, the author does not simply rehearse accepted wisdom; all of the authors push the boundaries of their respective fields, so that each chapter is a significant contribution to scholarship in its own right.

This book considers the hundred years of re-writes of Anton Chekhov's work, presenting a wide geographical landscape of Chekhovian influences in drama. The volume examines the elusive quality of Chekhov's dramatic universe as an intricate mechanism, an engine in which his enigmatic characters exist as the dramatic and psychological ciphers we have been de-coding for a century, and continue to do so. Examining the practice and the theory of dramatic adaptation both as intermedial transformation (from page to stage) and as intramedial mutation, from page to page, the book presents adaptation as the emerging genre of drama, theatre, and film. This trend marks the performative and social practices of the new millennium, highlighting our epoch's need to engage with the history of dramatic forms and their evolution. The collection demonstrates that adaptation as the practice of transformation and as a re-thinking of habitual dramatic norms and genre definitions leads to the rejuvenation of existing dramatic and performative standards, pioneering the creation of new traditions and expectations. As the major mode of the storytelling imagination, adaptation can build upon and drive the audience's horizons of expectations in theatre aesthetics. Hence, this volume investigates the original and transformative knowledge that the story of Chekhov's drama in mutations offers to scholars of drama and performance, to students of modern literatures and cultures, and to theatre practitioners worldwide.
