Ethical principles and standards in business: Define acceptable conduct in business. Should underpin how management make decisions. An important distinction to remember is that behaving ethically is not quite the same thing as behaving lawfully: Ethics are about what is right and what is wrong. Law is about what is lawful and what is unlawful.

Virtue ethics is the basis of the normative ethical decision-making process for an individual and an organization or business. Virtue ethics provides a moral foundation for modern businesses and organizations and ought to be a prerequisite in business practices. Within the virtue context, business interests and activities should support rather than undermine human life. Utilizing Aristotle ' s virtue ethics perspective, honesty is one of the virtues that applies across cultures and times.

Application of Aristotle ' s Virtue Ethics to Business
