{PDF} Cooking for the Specific Carbohydrate Diet ...

The SCD eliminates grains and other starchy foods containing complex carbohydrates such as potatoes. On this diet simple carbohydrates that require less time in the digestive system are consumed in order to restore health, and reduce inflammation, in the gut and the entire body. The premise of the SCD is to eliminate gut dysbiosis, which is a disturbance of the microbial community in the digestive system, that takes place when good bacteria are destroyed and bad bacteria take over.
