A practitioner of ancient shamanic techniques for healing and journeying explains how to restore reader's animal spirits, heal old wounds through shamanic dreaming and ultimately recover and grow their souls. Original.

In this extraordinary book, shamanic dream teacher Robert Moss shows us how to become shamans of our own souls and healers of our own lives. The greatest contribution of the ancient shamans to modern healing is the understanding that in the course of any life we are liable to suffer soul loss – the loss of parts of our vital energy and identity – and that in order to be whole and well, we must find the means of soul recovery. Moss teaches us that our dreams give us maps we can use to travel to the places where we can find and bring home our lost or stolen soul parts. He shows us how to recover our animal spirits and ride the windhorse of spirit to places of healing and adventure in the larger reality. We discover how we can heal ancestral wounds and open the way for cultural soul recovery. You'll learn how to enter past lives, future lives, and the life experiences of parallel selves and how to bring back lessons and gifts. "It's not just about keeping soul in the body," Moss writes. "It's about growing soul, becoming more than we ever were before, embodying more of the Greater Self." With fierce joy, he incites us to take the creator's leap and bring something new into our world.

A valuable dream guide shows readers how to use nightly messages from the unconscious to inform and instruct their waking consciousness. Original.

Active dreaming is a way of being fully of this world while maintaining constant contact with another world, the world-behind-the-world, where the deeper logic and purpose of our lives are to be found. This book offers three core areas of practice: talking and walking our dreams to bring energy and guidance from the dreamworld into everyday life; shamanic lucid dreaming; and, conscious living.

With warmth and compassion, Sandra Ingerman describes the dramatic results of combining soul retrieval with contemporary psychological concepts in this visionary work that revives the ancient shamanic tradition of soul retrieval for healing emotional and physical illness. This revised and updated edition includes a new afterword by the author.

A leader of dream workshops and seminars details a unique, nine-step approach to understanding dreams, using contemporary dreamwork techniques developed from shamanic cultures around the world. Conscious Dreaming shows you how to use your dreams to understand your past, shape your future, get in touch with your deepest desires, and be guided by your higher self. Author Robert Moss explains how to apply shamanic dreamwork techniques, most notably from Australian Aboriginal and Native American traditions, to the challenges of modern life and embark on dream journeys. Moss's methods are easy, effective, and entertaining, animated by his skillful retelling of his own dreams and those of his students—and the dreams' often dramatic insights and outcomes. According to Moss, some shamans believe that nothing occurs in ordinary reality unless it has been dreamed first. In the dreamscape, we not only glimpse future events, we can also develop our ability to choose more carefully between possible futures. Conscious Dreaming's innovative system of dream-catching and transpersonal interpretation, of dream re-entry and keeping a dream journal enables the reader to tap the deepest sources of creativity and intuition and make better choices in the critical passages of life.

A guide to co-creating a healing vision for humanity and the Earth through nature-connected shamanic rituals • Explains the Earth Spirit Dreaming process for rebirthing inherent shamanic abilities with dozens of practices in three categories: Earth-connecting practices, Spirit-connecting practices, and Dream-connecting practices • Provides experiential exercises to foster interactions with the intelligences and elemental energies of nature and the Spirit realm, realign you with the rhythms and flow of life, and co-create a healing dream for humanity and all of life on our planet • Contains step-by-step directions for connecting with the light guides of the planet for guidance and healing Humanity has become profoundly disconnected from the web of life on Earth as well as from nature as a whole. In this practical guide, Elizabeth E. Meacham details her field-tested method of shamanic ecotherapy practices to resolve this centuries-long trend toward disconnection. Through these practices, you will learn how to reconnect to Earth's systems and help restore health and balance to people and the planet. Translating transformative ideas from visionary environmental thinkers into engaging shamanic rituals for profound spiritual growth, Meacham offers dozens of practices in three categories: Earth-connecting practices, Spirit-connecting practices, and Dream-connecting practices. Building on one another, the exercises open channels to allow you to directly experience the intelligences of the Earth and Spirit realms, rebirth your inherent shamanic abilities, realign you with the rhythms and flow of life, and reclaim your ancestral power for co-creating a healing dream for our species and all of life on our planetary home. Guiding the reader through a progressively deepening journey toward connection with ourselves, each other, and the consciousness of our biosphere, the practices also invite profound mindfulness, as we work to hold a vision of connection with the Earth and Spirit realms, while choosing consciously to focus on joy, beauty, gratitude, love, and healing. Illuminating a shamanic awakening within Western culture at the dawn of an ecological age, Earth Spirit Dreaming reveals how the birth of a global consciousness of healing depends upon our commitment to individual and collective spiritual evolution. Calling us back to our shamanic heritage of a living nature spirituality, this manual offers much needed guidance on the essential journey back to an intimate love of Earth.

Modern physics tells us that we're dreaming the world into being with every thought. Courageous Dreaming tells us how to dream our world with power and grace. The ancient shamans of the Americas understood that we're not only creating our experience of the world, but are dreaming up the very nature of reality itself—that is, "life is but a dream." When you don't dream your life, you have to settle for the nightmare being dreamed by others. This book shows how to wake up from the collective nightmare and begin to dream a life of courage and grace, a sacred dream that shamans throughout time have known and served. Alberto Villoldo reveals ancient wisdom teachings that explain how to birth reality from the invisible matrix of creation; and reveals how we can interact with this matrix to dream a life of peace, health, and abundance. He shows us that courage is all that is required to create the joy we desire!

Have you tried praying, meditating, affirmations, the Secret, the Law of Attraction, and other forms of psychological, mystical, and spiritual intervention, and yet nothing seems to change or change quickly enough? If so, there is a reason. The Shamans know the reason and how to overcome it simply and elegantly. The obstacles lay hidden in the depths of your soul and subconscious, and this is where the Shaman's secrets do their work. In clear, simple language, Jon Rasmussen unveils the timeless knowledge, techniques, processes, and worldview that will allow you to dream your ideal experiences into being. With a gentle audacity, he fully informs, inspires, and challenges you to try a radically different approach to making the desired changes in your life and in the world. He then offers his own vision in order to inspire your dreaming and participation in the collective process of creating a better world now and for generations to come.

The author of Conscious Dreaming and The Three "Only" Things poses arguments for understanding one's dreams in order to resolve past events and prepare for the future, explaining the practices of ancient dreaming cultures and the dream experiences of famous historical figures.
