This text contains student-friendly worked examples and solutions, leading up to a wealth of practice questions as well as sample exam papers for thorough exam preparation. Regular review sections consolidate learning, while opportunities for stretch and challenge are presented throughout the course.

Combining comprehensive and up-to-date syllabus coverage with exercises and exam-style questions, this text focuses on protection, savings and investment. Awarded by the Chartered Insurance Institute (CII), the FPC is designed for people involved in the selling of financial products or services. The FPC is the compulsory minimum standard required by the industry's regulatory body - the Personal Investment Authority. The AFPC (advanced) represents the next optional level of qualification.

Combining comprehensive and up-to-date syllabus coverage with exercises and exam-style questions, this text focuses on financial services and their regulation. Awarded by the Chartered Insurance Institute (CII), the FPC is designed for people involved in the selling of financial products or services. The FPC is the compulsory minimum standard required by the industry's regulatory body - the Personal Investment Authority. The AFPC (advanced) represents the next optional level of qualification.

Featuring worked examples and solutions that lead up to a wealth of practice questions, this title includes: sample exam papers for thorough exam preparation that provide support; regular review sections that help to consolidate learning; and escalator section that aids student with the step up to from GCSE.

Further Pure Maths 1 was written to provide thorough preparation for the revised 2004 specification. Based on the first editions, this series help you to prepare for the new exams.

Contains 100 multiple-choice practice problems (20 for the morning module and 80 for the afternoon module) for the structural topic on the civil PE exam. Each problem is written to be solved in six minutes--the average amount of time examinees will have on the exam.

Essential preparation for the Structural PE exam's breadth and depth problems.

This book collects approximately nine hundred problems that have appeared on the preliminary exams in Berkeley over the last twenty years. It is an invaluable source of problems and solutions. Readers who work through this book will develop problem solving skills in such areas as real analysis, multivariable calculus, differential equations, metric spaces, complex analysis, algebra, and linear algebra.

Combining comprehensive and up-to-date syllabus coverage with exercises and exam-style questions, this kit focuses on financial services and their regulation. Awarded by the Chartered Insurance Institute (CII), the FPC is designed for people involved in the selling of financial products or services. The FPC is the compulsory minimum standard required by the industry's regulatory body - the Personal Investment Authority. The AFPC (advanced) represents the next optional level of qualification.
