~~100 pips per day might be sound intimidating but in reality, many traders are making more than 100 pips in a single day. They simply use the Bollinger band indicator and 3 levels ZZ semafor indicator to make this impossible thing possible in each and every single day. The Bollinger band indicators help the trader to identify the potential buying and selling zone in any currency pair.~~

But more to the overall attraction, many new traders read the topic '1000 pips a day' and get drawn into that idea. What I said is, we all can have a home run, but over the long term, you can't make 1000 pips each day. There are also days/times of losing streaks every trader has to go through, which are normal.

How Many Pips Should Be Targeted Per Day?

'Pip' stands for 'point in percentage'. It's the measure of movement in the exchange rate between the two currencies. In most forex currency pairs, one pip is a movement in the fourth decimal place (0.0001), so it's equivalent to 1/100 of 1%. In currency pairs that include the Japanese Yen (JPY) a pip is quoted with two decimal places instead of four, so the second digit after the ...

Pips are one of the ways by which traders calculate how much profit they made or lost on a trade. For example, if you enter a long position on GBP/USD at 1.6550 and it moves to 1.6600 by the time you close your position you have made a 50 pip profit. If you enter a short position at 1.6550 and the price moves up to 1.6600 you lose 50 pips. Remember, short means you want the rate to go down. So ...

The pound gained about 1000 pips after another MFE-the September '07 rate cut by the Fed. It range traded for months after that and it didn't break below the support in the 1.93 area until last August. The real decline of the pound began after Lehman, which definitely was another MFE. So if you are talking about shorting it from 2.1 then no, there was no MFE there.

4hours-daily / daily-weekly Component Forex Price Action Trends Summary This is a very lucrative forex price action system that identifies changes in price action trends on the one hour chart. It has the capability to deliver thousands of pips in the long run because it generates trade setups at the beginning of the trend and stays with it almost to its finish line thanks to a very clear set of rules regarding entry and stop loss levels

Note: this book also includes the "50 pips a day forex strategy" Day Trading Forex with Price Patterns Forex Price Action Day Trading System Make 1000 pips per month or more Timeframes used - 30minutes-4hours Components Price Action Trends Price Patterns Support and Resistance Levels Summary The book contains a powerful price action day trading system that focuses on very strong patterns that price makes. These patterns are illustrated with great detail inside the book, but more importantly, the logic behind every pattern is described in a way that the trader will learn exactly what is happening with the buyers and sellers, which of them are stronger at that time. Knowing this, the trader can then make the best trading decisions. The system looks at the bigger picture to find the direction in which to trade, then it uses the 30 minutes chart to spot price patterns and day trade them with very good success. It doesn't use technical indicator of any kind. It also has very well defined entry, stop loss and exit rules that enables the trader to make the maximum out of every trade

An inspirational journey from footballer to trader GOALS TO GOLD tells the fascinating and unexpected story of one man's journey from top-flight football to the cut-and-thrust world of the financial markets. This book also explores the relationship between sports and trading success - making it the perfect book for any sports fan who's ever wondered whether they could make a go of it in the markets. Lee Sandford spent 17 years as a professional footballer, playing for Portsmouth, Stoke City, Sheffield United and Reading. But when his career was over, he didn't retire to a pundit's sofa or the golf course. He entered another fiercely competitive world: the stock market. Goals to Gold tells the story of his days as a footballer and subsequent time as a trader, laying bare the sobering facts of a life scattered with huge achievements, near misses and big disappointments. Part exploration of the unseen side of football and part introduction to financial trading, it shows how the important qualities in football and trading alike are hard work, determination, patience and sticking to your strategy even when the studs-up tackles are flying. Packed with real-life, behind-the-scenes stories involving promotion, relegation and trophies in football and trading through booms and busts in the markets, Goals to Gold is a gripping and revealing read - perfect for football fan and trader alike.
