Soon to be a major motion picture! Now in Paperback: The harrowing adventure-at-sea memoir ("Terrific."-Daniel James Brown) recounting the 2013 search-and-rescue mission for lost Montauk fisherman John Aldridge. 5:14 a.m. I am floating in the middle of the night, and nobody in the world even knows I am missing. Nobody is looking for me. You can't get more alone than that. You can't be more lost. I've got too many people who love me. There's no way I'm dying like this. In the dead of night on July 24, 2013, John Aldridge was thrown off the back of the Anna Mary while his fishing partner, Anthony Sosinski, slept below. As desperate hours ticked by, Sosinski, the families, the local fishing community, and the U.S. Coast Guard in three states mobilized in an unprecedented search effort that culminated in a rare and exhilarating success. A tale of survival, perseverance, and community, A Speck in the Sea tells of one man's struggle to survive as friends and strangers work to bring him home. Aldridge's wrenching first-person account intertwines with the narrative of the massive, constantly evolving rescue operation designed to save him.

"The Bahamas are famous for sun, sand—and swimming pigs." —National Geographic In the middle of paradise, with billionaires and celebrities for neighbors, is an island populated only by swimming pigs. For decades, this archipelago of 365 islands would remain largely unknown to the world. It would not be a ruthless pirate, pioneering loyalists, a notorious drug kingpin, or the infamous Fyre Festival that would unveil Exuma to the world, but rather the most unlikely of creatures. Appearing in magazines, videos, newspapers, commercials, TV shows, and countless selfies, the Swimming Pigs of Exuma, in the Bahamas, have become a bucket-list sensation and have been named one of the marvels of the universe. But how did they reach this celebrity status? What made them so famous? And why, in February 2017, did so many of them die? Pigs of Paradise is an unlikely story of humble beginnings and a swift rise to stardom. With interviews from historians, world-renowned ecologists, famous pig owners, and boat captains, it thoughtfully considers what this phenomenon says about not only these animals but also about us.

Mercury/Mariner 2.5 - 60 HP Two-Stroke Outboard Service and Repair Manuals, 1998-2006 B725This manual covers seventeen Mercury/Mariner 2-stroke outboard motors ranging from 2.5 HP to 60 HP.
