If you can build websites with CSS and JavaScript, this book takes you to the next level—creating dynamic, database-driven websites with PHP and MySQL. Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know: Get up to speed quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a remote server. Gain new techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data. Keep your site working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site.

Back in high school, a cruel “ game ” by the popular crowd left shy Kennedy Bailey pregnant and alone. But now she ' s gorgeous and grown-up and she won ' t let anything stop her from saving the life of her five-year-old son when he ' s diagnosed with leukemia. Even if it means confronting his father, NFL quarterback Ryan Carville. As her child ' s health takes a turn for the worse, Kennedy feels helpless and resolves to pull off a daring scheme - seducing Ryan to create another baby to save the one they already have. They reconnect for a steamy one-night stand, but Ryan can ' t forget about the dark beauty. When he discovers the truth of who she is, Ryan is shocked and determined to give his son everything he needs, which includes marrying his mother. But a quickie wedding in Vegas won ' t solve all their problems. Can Ryan show Kennedy that he ' s changed from a spineless boy to a man worth loving? Sensuality Level: Sensual

Annotation General and emergency physicians, orthopedic surgeons in training, rheumatologists, radiologists. If it were a disease, back pain would be called an epidemic. At least 5 million people will consult their doctor about back pain this year. The total costs to the UK alone are estimated at 12 billion/year. This book details the common conditions that cause back pain and outlines a methodology for the diagnosis, investigation, and treatment of these conditions.

A gallery of eye-catching Lone Star quilts to inspire your creativity

Knighthawke is the story of a family in crises. The son, Michael, kidnapped as an infant, grew up in the Deep South believing that he was the son of Jake and Lisa Webber. From childhood, Michael has frequent dreams of a girl that he does not know is his twin sister. Because of the link that she has with her brother, Michelle Walker bolsters her family's hopes that Michael will yet be found. Michael learns as a young airman in the USAF that Lisa, the woman he believed to be his mother, had been unable to bear children. His search for his past becomes complicated when an alien organism that enhances his natural abilities infects him. Scientists want to study him; the Air Force wants to use him as a secret weapon in the Vietnam and Cold wars; and the Soviets want his blood. Michael simply wants to learn his real identity.

The search of your life is the search for your life. What you are holding right now is an exploration of the human spirit; a journey into our deepest longings, our desires, our needs, our cravings, our souls. Our need for intimacy, meaning, and destiny point to the existence of God and our need to connect with Him. This book will deeply stir you to consider and chase after the spiritual implications of your souls' deepest longings.

When Silas House made his debut with Clay's Quilt last year, it touched a nerve not just in his home state (where it quickly became a bestseller), but all across the country. Glowing reviews-from USA Today (House is letter-perfect with his first novel), to the Philadelphia Inquirer (Compelling. . . . House knows what's important and reminds us of the value of family and home, love and loyalty), to the Mobile Register (Poetic, haunting), and everywhere in between-established him as a writer to watch. His second novel won't disappoint. Set in 1917, A PARCHMENT OF LEAVES tells the story of Vine, a beautiful Cherokee woman who marries a white man, forsaking her family and their homeland to settle in with his people and make a home in the heart of the mountains. Her mother has strange forebodings that all will not go well, and she's right. Vine is viewed as an outsider, treated with contempt by other townspeople. Add to that her brother-in-law's fixation on her, and Vine's life becomes more complicated than she could have ever imagined. In the violent turn of events that ensues, she learns what it means to forgive others and, most important, how to forgive herself. As haunting as an old-time ballad, A PARCHMENT OF LEAVES is filled with the imagery, dialect, music, and thrumming life of the Kentucky mountains. For Silas House, whose great-grandmother was Cherokee, this novel is also a tribute to the family whose spirit formed him.
