Prentice Hall is an American major educational publisher owned by Savvas Learning Company. Prentice Hall publishes print and digital content for the 6 – 12 and higher-education market. Prentice Hall distributes its technical titles through the Safari Books Online e-reference service.

Based on the authors' 25 years of writing centre experience, this spiral-bound, tabbed and brief handbook is the easiest for students and instructors to use. Guides students to the information they need. Helps writers locate the section of the book they need, even if they don't know the rules of grammar.

Adults who enter college have unique challenges and concerns. New Beginnings is entirely devoted to helping adults develop skills to succeed in college from how to manage time and stress to how to develop strong writing and study skills. Specifically addressing adults by building on skills they already use in their everyday work and lives, this friendly, accessible, and supportive guide shows readers what to expect and how to create success in college. The 4th edition offers an expanded section on internet research and writing with a word processor. Eight chapters include information on test-taking, note-taking, classroom protocol, resources for help, strategies for reading and thinking critically; plus a basic

grammar and math review.

Focusing on new reference sources published since 2008 and reference titles that have retained their relevance, this new edition brings O'Gorman's complete and authoritative guide to the best reference sources for small and medium-sized academic and public libraries fully up to date. About 40 percent of the content is new to this edition. Containing sources selected and annotated by a team of public and academic librarians, the works included have been chosen for value and expertise in specific subject areas. Equally useful for both library patrons and staff, this resource covers more than a dozen key subject areas, including General Reference; Philosophy, Religion, and Ethics; Psychology and Psychiatry; Social Sciences and Sociology; Business and Careers; Political Science and Law; Education; Words and Languages; Science and Technology; History; and Performing Arts. Encompasses database products, CD-ROMs, websites, and other electronic resources in addition to print materials. Includes thorough annotations for each source, with information on author/editor, publisher, cost, format, Dewey and LC classification numbers, and more. Library patrons will find this an invaluable resource for current everyday topics. Librarians will appreciate it as both a reference and collection development tool, knowing it's backed by ALA's long tradition of excellence in reference selection.

Annotation The most complete reference for implementing Solaris 9 solutions. Respected author and expert technical reviewers. Gives the in-depth inside treatment to Solaris 9. Capitalizes on the increased interest in Solaris with the new release, and gives administrators the information they'll need on a daily basis. Inside Solaris 9 gives administrators the information they'll need to upgrade to Solaris 9 and maximize the new features. Author Bill Calkins begins by laying the foundations of Solaris, then explains how to get set up with Solaris 9 (including any potential pitfalls). Next, system maintenance issues are covered such as setting up user accounts, managing file systems and processes, system security, monitoring and tuning, and backup and recovery. Solaris networking and service management issues round out the book, along with some excellent resources and a glossary. Bill Calkins is owner and president of Pyramid Consulting, a computer training and consulting firm near Grand Rapids, Michigan, specializing in the implementation and administration of Open Systems. He is also the owner of www.unixed.com, a web site that provides online UNIX training materials. He has more than 18 years of experience in UNIX system administration, consulting, and training at more than 100 different companies. Bill has authored several UNIX textbooks, which are currently best sellers and used by universities and training organizations worldwide, including Solaris 8 System Administrator Certification Training Guide (1578702496).

person to prepare illustration copy at a pre-professional level—copy that is, however, often usable for routine purposes—and/or to communicate better with graphics specialists who will prepare the final illustrations. The skills necessary to take the final step of producing finished camera-ready illustrations are, unfortunately, based very much on actual hands-on experience and are thus beyond the ability of this or any other book to instill satisfactory competence in. Illustrations should also prove to be a highly useful reference work for professional illustrators. The wide variety of training and work experiences by which they have acquired their skills may not have provided full acquaintance with all of the exceptionally diverse kinds of information to be found here. There are, moreover, few disciplines whose practitioners cannot profit from an invigorating refresher course. After nearly seven years of work, then, I am pleased to put forward a book with many answers pertaining to the proper selection and preparation of informational illustrations. All such questions and their actual solutions, however, must remain up to you, the inquiring and attentive reader.

Windows 8 In Depth Do more in less time! Experienced with Windows? Don't let Windows 8 make you feel like a beginner again! This book is packed with intensely useful Windows 8 knowledge you won't find anywhere else. Full of new tips and shortcuts, it's the fastest, best way to master Windows 8's full power, get comfortable with its radically different interface, and leverage its new tools for everything from business to video, security to social networking!

- Take a quick guided tour of everything that's new in Windows 8
- Survive without the Start menu
- Navigate the new Windows 8 interface (and customize it to make yourself more comfortable)
- Learn hidden shortcuts you'd never find on your own
- Quickly locate and use files, media, apps, websites, and management tools
- Set up your Web connection, and discover Internet Explorer 10's latest improvements
- Get comfortable with Windows 8's built-in apps, from Calendar and Finance to Weather and Windows Store
- Save time by monitoring Facebook, Twitter, and LinkedIn through one unified app
- Make the most of Windows 8's supercharged media and imaging tools
- Profit from Windows 8's built-in support for business presentations
- Maximize the performance and efficiency of hardware, storage, and software
- Protect yourself from viruses, spyware, data theft, fraud, spam, hackers, and snoops
- Use SkyDrive to access your data from anywhere—and use Remote Desktop to access your computer, too
- Get even more power with Windows 8's command-line interface
- Use Hyper-V to run other operating systems alongside Windows 8
- Troubleshoot the most common Windows 8 problems—and the toughest ones

In Depth offers:

- Comprehensive coverage, with detailed solutions
- Breakthrough techniques and shortcuts that are unavailable elsewhere
- Practical, real-world examples with nothing glossed over or left out
- Troubleshooting help for tough problems you can't fix on your own
- Outstanding authors recognized worldwide for their expertise and teaching style
- Quick information via sidebars, tips, reminders, notes, and warnings

In Depth is the only tool you need to get more done in less time! **CATEGORY:** Windows Operating System **COVERS:** Microsoft® Windows 8

A guide to using Dreamweaver 8 to design, lay-out, and construct interactive and static Web sites.

Offers test-taking strategies and tips, practice questions, and a cram sheet.
