Charis Thompson

Transnational Reproduction: Race, Kinship, and Commercial Surrogacy in India is a 2016 book by anthropologist Daisy Deomampo. The book analyzes transnational commercial surrogacy, focusing on the practices of doctors, surrogates, parents, and agents in India. The book proposes that the practice of transnational surrogacy reinforces social status distinctions through a shared "racial reproductive imaginary". Transnational Reproduction was reviewed in Medical Anthropology Quarterly, Social Anthropol

Transnational Reproduction—Wikipedia

Sarah Franklin (born 1960) is an American anthropologist who has substantially contributed to the fields of feminism, gender studies, cultural studies and the social study of reproductive and genetic technology. She has conducted fieldwork on IVF, cloning, embryology and stem cell research. Her work combines both ethnographic methods and kinship theory, with more recent approaches from science ...
