and Venture Capital *The Private Equity Book*

The private equity book is not talking about just one sector; it is talking about three important parts of the financial sector. Finance is the mother of all industries, for if there is no money, no other industry will be able to function. And hence the book talks about the influence of the financial sector on the market.

SAN unveils new book to bridge gap between business owners ...

Private equity in the UK originated in the late 18th century, when entrepreneurs found wealthy individuals to back their projects on an ad hoc basis. This informal method of financing became an industry in the late 1970s and early 1980s when a number of private equity firms were founded. Private equity is
