What 's the key to the art of growing older well? Is it an art that anyone can cultivate? How should we confront dying and death in a secular age? What about sex when we 're older? What about loneliness? (And, for that matter, what about facelifts?) At the height of his powers in this remarkable (and often witty) book, Robert Dessaix addresses these increasingly urgent questions in inimitable prose and comes up with some surprising answers. From Java to Hobart via Berlin, Dessaix invites us to eavesdrop on his intimate, no-nonsense conversations about ageing with friends and chance acquaintances. Reflecting on time, religion, painting, dancing and even grandchildren, Dessaix takes us on an enlivening journey across the landscape of growing older. Riffing on writers and thinkers from Plato to Eva Hoffman, he homes in on the crucial importance of a rich inner life. The Time of Our Lives is a wise and timely exploration of not just the challenges but also the many possibilities of old age.

The 2017 Pulitzer Prize Winner for Commentary and conservative icon Peggy Noonan offers her most insightful work, including her Wall Street Journal columns about the 2016 Election. New York Times bestseller The Time of Our Lives travels the path of Peggy Noonan's remarkable and influential career, beginning with a revealing essay about her motivations as a writer and thinker. It's followed by an address to students at Harvard University on the drafting of President Reagan's speech the day the space shuttle Challenger exploded. Then comes one surprising chapter after the next including: "People I Miss" -- memorable salutes to the likes of Tim Russert, Joan Rivers, Margaret Thatcher, and others. "Making Trouble" -- Peggy's sharpest, funniest and most critical columns about Democrats and Republicans, the idiocracy of government, and Beltway disconnect. "I Just Called to Say I Love You" -- Peggy's most poignant writing capturing the country's grief and recovery in the wake of 9-11, and clear-eyed foresight on what lay ahead in terms of war and sacrifice. "The Loneliest President Since Nixon" -- tracking hope and change as it became disillusionment and disappointment with President Obama. And other sections where Peggy discerns the mood of the country ("State of the Union"), the melodrama of the historic 2008 election ("My Beautiful Election"), her battles with the Catholic Church ("What I Told the Bishops") and lighter meditations on baseball, a snowy afternoon in Brooklyn, and motherhood ("Having Fun"). Annotated throughout, The Time of Our Lives articulates Peggy's conservative vision, demonstrating why she has been awarded the Pulitzer Prize, journalism's highest honor.

By the year 2050 one in five of the world's population will be 65 or older, a fact which presages profound medical, biological, philosophical, and political changes in the coming century. In Time of Our Lives, Tom Kirkwood draws on more than twenty years of research to make sense of the evolution of aging, to explain how aging occurs, and to answer fundamental questions like why women live longer than men. He shows that we age because our genes, evolving at a time when life was "nasty, brutish, and short," placed little priority on the long-term maintenance of our bodies. With such knowledge, along with new insights from genome research, we can devise ways to target the root causes of aging and of age-related diseases such as Alzheimer's and osteoporosis. He even considers the possibility that human beings will someday have greatly extended life spans or even be free from senescence altogether. Beautifully written by one of the world's pioneering researchers into the science of aging, Time of Our Lives is a clear, original and, above all, inspiring investigation

of a process all of us experience but few of us understand.

A lively portrait of mid-twentieth-century American book publishing— “ A wonderful book, filled with anecdotal treasures ” (The New York Times). According to Al Silverman, former publisher of Viking Press and president of the Book-of-the-Month Club, the golden age of book publishing began after World War II and lasted into the early 1980s. In this entertaining and affectionate industry biography, Silverman captures the passionate spirit of legendary houses such as Knopf; Farrar, Straus and Giroux; Grove Press; and Harper & Row, and profiles larger-than-life executives and editors, including Alfred and Blanche Knopf, Bennett Cerf, Roger Straus, Seymour Lawrence, and Cass Canfield. More than one hundred and twenty publishing insiders share their behind-the-scenes stories about how some of the most famous books in American literary history—from *The Rise and Fall of the Third Reich* to *The Silence of the Lambs*—came into being and why they ’ re still being read today. A joyful tribute to the hard work and boundless energy of professionals who dedicate their careers to getting great books in front of enthusiastic readers, *The Time of Their Lives* will delight bibliophiles and anyone interested in this important and ever-evolving industry.

A low-budget independent film made by a now defunct video company in the late 1980s, *Dirty Dancing* became a sleeper hit with a huge, primarily young audience. Even twenty-five years on, the film has found millions of devoted fans around the world through TV, video, and DVD releases. In *The Time of Our Lives: Dirty Dancing and Popular Culture* editors Yannis Tzioumakis and Siân Lincoln bring together leading scholars of film, media, music, culture, theater, dance, and sociology to examine for the first time the global cultural phenomenon of *Dirty Dancing*. Tzioumakis and Lincoln begin by assessing *Dirty Dancing*'s cultural impact in the decades since its release and introduce contributors in four sections. Essays in "Dirty Dancing in Context" look at the film from several perspectives, including its production and distribution history, its blending of genres, its treatment of race, and its place in the political and visual culture of the 1980s. In "Questions of Reception," contributors examine the many ways that the film has been received since its release, while those in "The Production of Nostalgia" focus on the film's often critiqued production of an idealized past. Finally, contributors in "Beyond the Film" examine the celebrated synergies that the film achieved in the "high concept" film environment of the 1980s, and the final two essays deal with the successful adaptation of the film for the stage. With the enormous cultural impact it has made over the years, *Dirty Dancing* offers many opportunities for thought-provoking analysis. Fans of the movie and students and scholars of cultural, performance, and film history will appreciate the insight in *The Time of Our Lives*.

From award-winning poet Saeed Jones, *How We Fight for Our Lives*—winner of the Kirkus Prize and the Stonewall Book Award—is a “ moving, bracingly honest memoir ” (The New York Times Book Review) written at the crossroads of sex, race, and power. One of the best books of the year as selected by The New York Times; The Washington Post; NPR; Time; The New Yorker; O, The Oprah Magazine; Harper ’ s Bazaar; Elle; BuzzFeed; Goodreads; and many more. “ People don ’ t just happen, ” writes Saeed Jones. “ We sacrifice former versions of ourselves. We sacrifice the people who dared to raise us. The ‘ I ’ it seems doesn ’ t exist until we are able to say, ‘ I am no longer yours. ’ ” Haunted and haunting, *How We Fight for Our Lives* is a stunning coming-of-age memoir about a young, black, gay man from the South as he fights to carve out a place for himself, within his family, within his country, within his own hopes, desires, and fears. Through a series of vignettes that chart a course across the American landscape, Jones draws readers into his boyhood and adolescence—into tumultuous relationships with his family, into passing flings with lovers, friends, and strangers. Each piece builds into a larger examination of race and queerness, power and vulnerability, love and grief: a portrait of what we all do for one another—and to one another—as we fight to become ourselves. An award-winning poet, Jones has developed a style that ’ s as beautiful as it is powerful—a voice that ’ s by turns a river, a blues, and a nightscape set ablaze. *How We Fight for Our Lives* is a one-of-a-kind memoir and a book that cements Saeed Jones as an essential writer for our time.
