Every year, hundreds of thousands of young people pack their bags to study or volunteer abroad. Well-intentioned and curious Westerners--brought up to believe that international travel broadens our horizons--travel to low-income countries to learn about people and cultures different from their own. But while travel abroad can provide much-needed perspective, it can also be deeply unsettling, confusing, and discomfoting. Travelers can find themselves unsure about how to think or speak about the differences in race or culture they find, even though these differences might have fueled their desire to travel in the first place. Beyond Guilt Trips helps us to unpack our Western baggage, so that we are better able to understand our uncomfortable feelings about who we are, where we come from, and how much we have. Through engaging personal travel stories and thought-provoking questions about the ethics and politics of our travel, Beyond Guilt Trips shows readers ways to grapple with their discomfort and navigate differences through accountability and connection.

Recent decades have seen unprecedented growth in the number of students travelling abroad for the purpose of short-term academic study. As such, attention is turning to the role that education abroad can have in enhancing student learning and producing global-ready graduates. This volume provides a succinct and accessible analysis of the existing research and scholarship around the world on a range of important areas related to contemporary education abroad, providing practitioners with important implications for programming and practice. Focusing on fourteen key topics relating to education abroad, this accessible desktop compendium not only synthesizes what is already known, but also indicates which topics need further research and how the existing literature can be applied to daily programming and practice. Extending beyond student learning outcomes to look at essential topics such as institutional outcomes, program models, and host community outcomes, this volume covers major trends in contemporary research as well as an assessment of the methodological and design challenges that are common to education abroad research. The fourteen distinct topics address the broad themes of participation, programming, student outcomes, institutional outcomes and societal outcomes, and include chapters from a broad range of widely acknowledged and respected international experts.

A captivating new book from Wade Davis--award-winning, best-selling author and National Geographic Explorer-in-Residence for more than a decade--that brings vividly to life the story of the great Río Magdalena, illuminating Colombia's complex past, present, and future. Travelers often become enchanted with the first country that captures their hearts and gives them license to be free. For Wade Davis, it was Colombia. Now in a masterly new book, Davis tells of his travels on the mighty Magdalena, the river that made possible the nation. Along the way, he finds a people who have overcome years of conflict precisely because of their character, informed by an enduring spirit of place, and a deep love of a land that is home to the greatest ecological and geographical diversity on the planet. As Gabriel García Márquez once wrote during his own pilgrimage on the river: "The only reason I would like to be young again would be the chance to travel again on a freighter going up the Magdalena." Only in Colombia can a traveler wash ashore in a coastal desert, follow waterways through

wetlands as wide as the sky, ascend narrow tracks through dense tropical forests, and reach verdant Andean valleys rising to soaring ice-clad summits. This rugged and impossible geography finds its perfect coefficient in the topography of the Colombian spirit: restive, potent, at times placid and calm, in moments explosive and wild. Both a corridor of commerce and a fountain of culture, the wellspring of Colombian music, literature, poetry, and prayer, the Magdalena has served in dark times as the graveyard of the nation. And yet, always, it returns as a river of life. At once an absorbing adventure and an inspiring tale of hope and redemption, Magdalena gives us a rare, kaleidoscopic picture of a nation on the verge of a new period of peace. Braiding together memoir, history, and journalism, Wade Davis tells the story of the country's most magnificent river, and in doing so, tells the epic story of Colombia.

“Aziz Abu Sarah rightly reminds us that it's not more travel we should be after, but the right kind of travel—one that treads lightly, highlights multiple perspectives (including traditionally marginalized ones), and fosters personal transformation, which is the key to a better world.” —Norie Quintos, Editor at Large, National Geographic Travel Media How can we bring together a world polarized by so many seemingly intractable conflicts? Through tourism? Yes, but a different

kind of tourism, one that harnesses the power of travel to create a more connected and peaceful world. Aziz Abu Sarah argues that it's through one-on-one contact that we'll begin to heal divides. And he knows this firsthand. A former Palestinian radical, he cofounded a tour agency with a Jewish American that originated the Dual Narrative Tours, which are co-led by guides from different communities, including Israel and Palestine, Ireland, Vietnam, Colombia, and many other countries. A guide for going beyond museums and monuments to more transformative, sustainable, and responsible travel experiences, this book is for both the first-timer and seasoned veteran. Starting with his own moving story of creating connections across his divided hometown of Jerusalem and expanding to stories from all over the world, Abu Sarah offers tips on how to meet people naturally and safely, design an inclusive itinerary, shop to support the local economy, deal with setbacks, and much more. He shows that if you put down your phone and strike up a conversation, you can break through the walls that separate us. You'll discover shared values, build lasting relationships, and realize that ultimately far more unites us than divides us.

In this fast-paced and lively account, Jim Lang asks—and mostly answers—the questions that confront every new faculty member as well as those who dream of becoming new faculty members: Will my students like me? Will my teaching schedule allow me time to do research and write? Do I really want to spend the rest of my life in this profession? Is anyone awake in the backrow? Lang narrates the story of his first year on the tenure track with wit and wisdom, detailing his moments of confusion, frustration, and even elation—in the classroom, at his writing desk, during his office hours, in departmental meetings—as well as his insights into the lives and working conditions of faculty in higher education today. Engaging and accessible, *Life on the Tenure Track* will delight and enlighten faculty, graduate students, and administrators alike.
